2nd District of Maine

May 27, 2021

Tracye Davis  
Medical Center Director  
VA Maine Healthcare System  
1 VA Center  
Augusta, ME 04330

Dear Ms. Davis,

I wanted to extend my heartfelt congratulations on the groundbreaking of the new Community Living Center at the Togus VA Medical Center. Since my first day in office, one of my top priorities in Congress has been to ensure that veterans and their families have access to the health care treatment they deserve and require. The construction of a new 24-bed state-of-the-art Community Living Center will help ensure that aging veterans in Maine have access to the best care possible, and I want to personally thank you for all of the hard work you have been doing to help advance this project.

Projects like the Community Living Center are imperative to ensuring vulnerable veterans from throughout the state can receive high quality services in a home-like environment. The replacement of the current unit with single-story units with secure outdoor access is a tremendous upgrade which should have many positive outcomes for the well-being of the residents.

I am excited to see this project progress and cannot wait to see the finished product. Thank you for your commitment to the men and women across Maine who have dedicated their lives to fighting for this country. I want to personally express my appreciation for your hard work in making this project a reality.

Congratulations on the groundbreaking, and I look forward to seeing this project through to completion.

Sincerely,

Jared F. Golden  
Member of Congress
